PRODUCT DESCRIPTION

The fast, clean, liquid paper glue ideal for use at school and at home. The convenient applicator ensures an easy and clean glue application without wrinkling the paper. The eco-friendly glue formula with 95% natural ingredients (including water) perfectly glues paper and cardboard, is solvent free and of course cold washable. And with its handy pen format it even fits in every pencil case.

FIELD OF APPLICATION

Suitable for glueing paper, cardboard, photos, Styrofoam® (expanded polystyrene), labels, textiles, etc. Ideal for use at home, office, school and Kindergarten

PROPERTIES

- Convenient applicator for an easy and clean glue application
- Glues fast, clean and without wrinkling paper
- Solvent free glue formula with 95% natural ingredients (including water)
- Cold washable

PREPARATION

Surface requirements: Materials to be glued must be clean, dry and free from dust and grease. One of both surfaces must be absorbent.

APPLICATION

Directions for use:

UHU Klebefix is preferable applied and spread evenly onto the materials to be glued. The parts are put together immediately after applying the glue. The glue dries quickly.

Stains/residue: UHU Klebefix can be easily washed out with cold water.
