

UHU® GLUE REMOVER

SUPER STRONG AND VERY EFFECTIVE.

STORAGE CONDITIONS

Shelf life of 12 months. Store in tightly closed container in a dry, cool and frost-free place.

PRODUCT DESCRIPTION

Super strong and very effective. Extremely suitable for the removal of glue and sticker remains on many surfaces.

FIELD OF APPLICATION

Extremely suitable for the removal of glue and sticker remains on many surfaces. Even removes instant adhesive stains. Can be applied vertically and precisely thanks to the unique gel formula. Also suitable for the removal of stains and paint, fat, grease, ink and oil remains. Not suitable for removing dual-component adhesives.

PROPERTIES

- Universal
- Does not drip
- To be applied accurately
- Vertically applicable

APPLICATION

Directions for use:

Always test on an invisible part of the surface. Manually remove as many excess stains as possible. Spray the glue remover on the stain and let the product penetrate for 2 to 3 minutes. Remove the stains with a cloth and use a scraper if necessary. If necessary, repeat the treatment. Rinse the surface well afterwards.

Points of attention: The product contains solvents and can affect the surface. Removal of instant glue depends on the surface. Always test before use. Not recommended for use on silk, leather, suede, polystyrene or rubber. Not suitable for the removal of 2-component glues.
